...or a better ACT score?

Our course provides comprehensive preparation for the ACT exam, covering all five sections of the test, including English, Math, Reading, Science Reasoning, and the essay. The course will provide a review of the necessary background material for each section, detailed knowledge of the question types on the test, specific strategies for approaching each question type, and general test-taking strategies. Students who complete the course should be well prepared for the exam and be able to get a score that reflects their true potential. Textbooks are not included. Textbook: Barron's ACT and McGraw-Hill's 10 ACT Practice Tests
